

Medical Mutual Health Savings Account (HSA)

Healthcare and Savings in One Location

The Medical Mutual HSA provides a more efficient and affordable way to manage your healthcare benefits and your HSA. Our HSA has no monthly administrative fee and is managed by our Ohio-based team. Your healthcare benefits and HSA are integrated from Medical Mutual, meaning you will be able to access both your benefits and HSA online with one username and password via My Health Plan.

An HSA is a tax-advantaged personal savings account that can be used to pay for medical, dental, vision and other qualified healthcare expenses now or later in life. Used in conjunction with a Medical Mutual qualified high-deductible health plan, our HSA gives you three great tax advantages:

1. **Money goes in tax-free.** Your HSA contributions are made on a pre-tax basis, making savings immediate.
2. **Money comes out tax-free.** Eligible healthcare purchases can be made tax-free when the HSA is used. Purchases can be made directly from the HSA account, either by using the Medical Mutual debit card, ACH, online bill-pay or check; or, you can pay out of pocket and reimburse yourself from your HSA.
3. **Earn interest, tax-free.** The interest on HSA funds grows on a tax-free basis. Unlike most savings accounts, interest earned on an HSA is not considered taxable income when the funds are used for eligible medical expenses.
